

## Home Assignment-1:

Write the HTML code to generate a Web Page in the format given below. Use Web form controls to create the webpage.

Consider the following while writing the HTML code:

1. Fix the maximum number of characters which can be entered in the Mobile no Textbox.
2. Fix the default value of text box as well as dropdown list where it is required.
3. Provide the link and image where it is necessary.

**Fill the form below**   **Sign up with Facebook**

<b>Matrimony Profile for</b>	<input type="text" value="Myself"/>		
<b>Name</b>	<input type="text"/>
